

TABLE SAW CTS-26 & CTS-26 XL

Order-no.: 30001049

Application CTS-26

The CTS-26 table saw is a very stable and durable cutting machine for cutting tiles, slabs or thin natural stone slabs. With the inclinable crossbar, mitre cuts can be made up to an angle of 45°.

Features

- handle for left and right-handed users
- insertable table with rubber mat
- precise, infinitely adjustable swivel cutting head
- adjustable guide rail for mitre cuts from 0° to 45°
- supply with cooling water by electrical water pump
 - newly equipped with plug-in connector IP 68!
- splash guard at 3 sides of the machine
- easy transport due to removable slide-in feet
- lateral side table for cutting of long work pieces is optionally available

XL-version enables the cutting of large glazed tiles up to 80 x 80 cm feed size without any problems.

Order-no.: 30001051
