

TABLE SAW CTS-56

Order-no.: 30001024

Application

Small, handy, robust for daily use on the construction site. The CTS-56 is a table saw for quick and clean cutting of concrete, brick, clinker, natural stone and similar materials. The combination of stability and technical details make it an ideal working tool.

Additional features

- Lockable, swivelling pendulum cutting arm
- Smooth-running roller table with adjustable side stop
- Cooling water supply by electric water pump with plug-in connector IP 68 for easy replacement
- Easy cleaning due to combination of water tray with overflow plug and bucket
- Easy to load and transport thanks to folding feet, transport rollers, carrying handles and crane eyes
