

## TABLE SAW CTS-57 G

**Order-no.:** 30001025

### Application

Small robust construction site table saw with infinitely adjustable cutting head for mitre cuts up to 45° inclination. The CTS-57 G is a table saw for cutting fast and precisely bricks, clinkers, natural stone and similar materials. The combination of stability and technical details make it a versatile tool on any construction site.

### Additional features

- Lockable, swivelling pendulum cutting arm
- Cutting head can be tilted from 0° to 45° for mitre cuts
- Smooth-running roller table with adjustable side stop
- Cooling water supply by electric water pump with plug-in connector IP 68 for easy replacement
- Easy cleaning due to combination of water tray with overflow plug and bucket
- Easy to load and transport thanks to folding feet, transport rollers, carrying handles and crane eyes

| Technical data                  |          | CTS-57 G         |          |
|---------------------------------|----------|------------------|----------|
| Cutting depth                   | mm       | 105 (55)         | 125 (75) |
| Cutting length                  | mm       | 615              | 600      |
| Blade-Ø                         | mm       | 350              | 400      |
| Bore hole of blade              | mm       | 25,4             |          |
| Drive motor                     | kW/V/ Hz | 2,2 / 230 / 50   |          |
| Content water container/ bucket | liter    | 35 / 20          |          |
| <b>Dimension L / W / H</b>      | mm       | 160 / 730 / 1570 |          |
| Transport L / W / H             |          | 1160 / 620 / 580 |          |
| Weight                          | kg       | 74               |          |

Subject to technical and optical changes and further developments.
